

Kale harvest and distribution to Acres of Hope households in Pakwach District.

Child Sponsorship & Community Development

Empowering orphans and vulnerable children at Acres of Hope Uganda

August 2020

Greetings from our Acres of Hope Uganda Family,

This note serves to bring to your attention our heartfelt gratitude, love, thanks and appreciation for the commitment and sacrifices you continue to show our AOH children during the COVID -19 pandemic.

Your sponsorship gifts are vitally important and allow us to steadily continue to provide:

- Food for our children and the families caring for them
- Healthcare for our children
- Safe homes for the children to live with caregivers in the villages
- Education material distribution so that the children can continue to learn even now from the villages

Pastor Geoffrey distributing educational materials.

Pastor Geoffrey sharing rice.

We are hopeful that the schools will reopen for the 2021 academic year which always begins in February. Until then know that we are doing everything possible to care for our AOH children physically, emotionally, academically, spiritually and socially.

I pray for your safety too and hope God brings us together again soon.

God bless you all,  
Pastor Odongo Keronga Geoffrey
